

WEST VIRGINIA SHEET METAL CONTRACTORS ASSOCIATION, INC. ... a SMACNA Affiliate

The West Virginia Sheet Metal Contractors' Association was officially granted Charter recognition in the Sheet Metal and Air Conditioning Contractors National Association in July 1994. It was formed as a cooperative effort between the Sheet Metal Workers International Association and signatory sheet metal contractor members. The primary objective and purpose of cooperative effort between the International Union of Sheet Metal Workers Local Union No. 33 and the West Virginia Sheet Metal Contractors Association is to create a more productive market that will assure quality performance and a superior product delivered to the project Owner/User in budget and within the agreed upon completion date.

For additional information, please inquire to the WV Sheet Metal Contractors Association, 2794 White Hall Blvd., White Hall, WV 26554.
